Part 1: Introduction

William Peace University Conduct Agreement

I agree to uphold the principles of honor set forth by this community in the William Peace University mission statement, the Academic Integrity Policy and *Community Code of Conduct*, to defend these principles against abuse or misuse, and to abide by the regulations of William Peace University.

Philosophy

The student conduct program within the Office of Residence Life and Housing is committed to an educational and developmental process that balances the needs of the individual student with the needs of the William Peace University community. In order to accomplish this, there are three philosophical tenets of the student conduct program.

- I. Prevention – The student conduct program educates students about appropriate standards of conduct within a university community through programming and dialogue before issues occur. The program seeks to reduce incidents by educating students about healthy decision-making, constructive discourse, and bystander intervention.
- II. Intervention – The student conduct program identifies the personal, educational, and social influences that result in misconduct on campus and intervenes through diverse mechanisms of resolution that place emphasis on repairing harm, personal decision making, community commitments, and student learning.
- III. Harm Reduction and Retention – The student conduct program reduces and repairs harm to the community caused by misconduct after an incident has occurred. The program creates opportunities for students to learn from their experiences and affect positive change in decision-making. By taking an active role in designing conduct outcomes, the program offers students an opportunity to remain a part of the William Peace University community.

The William Peace University community is committed to fostering a campus environment that is conducive to academic inquiry, a productive campus life, and thoughtful study and discourse. A community exists on the basis of shared values and principles. At William Peace University, student members of the community are expected to uphold and abide by certain standards of conduct that form the basis of the *Community Code of Conduct*. These standards are embodied within a set of core values that include **Commitment to Community, Excellence with Integrity and Diversity, Inclusion & Respect**.

Ultimately, each member of the William Peace University community is expected to assume responsibility for his/her conduct and to assume reasonable responsibility for the behavior of others. The student conduct program at William Peace University exists to protect the interests of the community and to challenge students to embody the values of William Peace University. The program and outcomes are intended to challenge and shape students’ moral and ethical decision-making and to help them bring their behavior into accord with the community expectations. When a student is unable to conform his/her behavior to community expectations, the student accountability process may determine that he/she should no longer share in the privilege of participating in this community.

Students should be aware that the student accountability process is quite different from criminal and civil court proceedings. Procedures and rights in student accountability procedures are conducted with fairness to all; however they do not include the same protections of due process afforded by the courts. Fair process, within these procedures, assures written notice and a conference before an objective and unbiased decision-maker. The standard of proof that applies to student accountability procedures and determinations is “preponderance of evidence”. It means what is more likely than not to be true, based on the totality of the available evidence. Additionally, all sanctions will be proportionate to the severity of the violation and to the cumulative conduct history of the student.

Part 2: Jurisdiction over Student Conduct

William Peace University distributes the *Community Code of Conduct* on the William Peace University website. Visit <http://www.peace.edu> and navigate to *Community Code of Conduct* under Student Consumer Information. A hard copy can be made available upon request from the Office of Student Life or the Office of Residence Life and Housing. Students are charged with the responsibility of having read, and agreeing to abide by, the provisions of the *Community Code of Conduct* and the authority of the student conduct program.

The *Community Code of Conduct* and the student conduct program apply to the conduct of individual students and University-affiliated student organizations. Because the *Community Code of Conduct* is based on shared values, it sets a range of expectations for William Peace University students no matter where or when their conduct may take place; therefore, the *Community Code of Conduct* applies to behaviors that take place on the campus, at University-sponsored events and may also apply off-campus when the administration determines in its discretion that the off-campus conduct affects a substantial University interest. A substantial university interest is defined to include:

- I. Any action that constitutes criminal offense as defined by federal or state law. This includes, but is not limited to, single or repeat violations of any local, state or federal law;
- II. Any situation where it appears that the student may present a danger or threat to the health or safety of him/herself or others;
- III. Any situation that significantly impinges upon the rights, property, or achievements of self or others or significantly breaches the peace and/or causes social disorder; and/or
- IV. Any situation that is detrimental to the educational or other interests of the University.

The *Community Code of Conduct* may be applied to conduct that takes place from the time a person begins enrollment as a student and continues until the student withdraws or graduates, including periods during semester breaks and between semesters. Further, the *Community Code of Conduct* applies to guests of community members whose hosts may be held accountable for the misconduct of their guests.

Visitors to and guests of William Peace University are also protected by the *Community Code of Conduct* and may initiate grievances for violations of the *Community Code of Conduct* committed against them by members of the William Peace University community.

There is no time limit on reporting violations of the *Community Code of Conduct* as long as the offending student is still enrolled at William Peace University; however, the longer someone waits to report an offense, the harder it becomes for William Peace University officials to obtain information and witness statements and to make a determination regarding alleged violations. Though anonymous complaints are permitted, doing so may limit the University’s ability to investigate and respond to a complaint. Those who are aware of misconduct are encouraged to report it as quickly as possible to the Office of Residence Life and Housing, Office of Student Life and/or to WPU Public Safety.

Part 3: Violations of the Law

Alleged violations of federal, state and local laws are incorporated as offenses under the *Community Code of Conduct*. When an offense occurs over which the University has jurisdiction, the student accountability process will usually go forward notwithstanding any criminal complaint that may arise from the same incident. Should a student withdraw from the university when a criminal complaint is made, the University may pursue investigation and resolution of campus conduct matters, regardless of the fact that the student has withdrawn.

When criminal charges are pending, the University may be delayed from conducting its own investigation and moving forward with a campus hearing. The University in consultation with legal counsel and local authorities will determine a period of time that will be considered a reasonable delay. However, for the good order and safety of the community, the University will move forward with its own investigation to determine if a student is responsible for a policy violation.

WPU Community Code of Conduct

Part 4: Special Provisions

I. Attempted Violations

In most instances, William Peace University will treat attempts to commit any of the violations listed in the *Community Code of Conduct* as if those attempts had been completed.

II. Misconduct Online

Students are cautioned that behavior conducted online, such as harassment or cyberbullying, can subject them to University conduct action. Students must also be aware that blogs, social media sites, and web page entries on sites such as Facebook, Instagram, Snapchat, MySpace, Twitter, TikTok and other similar online postings are in the public sphere and are not private. These postings can subject a student to allegations of conduct violations if evidence of policy violations is posted online. The University does not regularly search for this information but may take action if and when such information is brought to the attention of University officials.

III. University as Complainant

William Peace University reserves the right to initiate a complaint, to serve as complainant and to initiate conduct proceedings without a formal complaint by the victim of the alleged misconduct.

IV. False Reports

William Peace University will not tolerate intentional false reporting of incidents. It is a violation of the *Community Code of Conduct* to make an intentionally false report of any policy violation and it may also violate state criminal statutes and civil defamation laws.

V. Student Organization Violations

Registered Student Organizations will be held responsible for the behavior of their members when their actions evolve from or are in any way related to their association with or activities of the group. Registered Student Organization members who act together and violate any university rules or any applicable laws and regulations may be considered to have joint responsibility for such actions. Student organizations that condone or encourage behavior that violates any university rules of any applicable laws and regulations may be reassigned joint responsibility for such actions. Student organizations are responsible for conduct that adversely affects William Peace University. Every Registered Student Organization has the duty to take all reasonable steps necessary to prevent violations of any university rules or any applicable laws and regulations.

Please note that the Student Organization Code of Conduct is separate from, yet will inform the Student Accountability Process. All violations of the Community Code of Conduct will go through the Student Accountability Process which can affect the “Good Standing” of a student leader.

VI. Parental and Departmental Notification

William Peace University reserves the right to notify the parents/guardians of dependent students regarding any conduct situation, particularly Level II Conduct Probation, loss of housing, suspension, and expulsion. William Peace University also reserves the right to designate which University employees have a legitimate need to know about individual conduct complaints pursuant to the Family Educational Rights and Privacy Act (FERPA) and will share information accordingly.

VII. Determination of Responsibility

The outcome of a student accountability process is part of the education record of the accused student/respondent and is protected from release under the Federal Education Rights and Privacy Act (FERPA), except under certain conditions. In accordance with FERPA, when a student is accused of a policy violation that would constitute a “crime of violence” or non-forcible sex offense, upon written request of the victim (or next of kin) the University will inform the alleged victim/complainant in writing of the final results of the accountability process regardless of whether the University concludes that a violation was committed. Such release of information may only include the alleged student’s/respondent’s name, the violation committed and the sanctions assigned (if applicable). In cases of sex offenses, regardless of written request, the above information and rationale for the outcome will also be shared with all parties to the complaint. In cases where the University concludes that a student violated a policy

that would constitute a “crime of violence” or non-forcible sex offense, the University may also release the above information publicly and/or to any third party. FERPA defines “crimes of violence” to include:

- A. Arson
- B. Assault offenses
- C. Burglary
- D. Criminal Homicide—manslaughter by negligence
- E. Criminal Homicide—murder and non-negligent manslaughter
- F. Destruction/damage/vandalism of property
- G. Kidnapping/abduction
- H. Robbery
- I. Forcible sex acts

VIII. Rationales

It is common for individuals accused of policy violations to defend their actions with explanations such as, but not limited to, prescription drug interactions, self-defense and disability. The University’s policy is that providing a defense is equivalent to the admission of engaging in a policy violation. William Peace University will take the legitimacy of an individual’s explanation into consideration in the determination of appropriate outcome and sanctioning.

Part 5: Student Conduct Authority

I. Authority

The Assistant Vice President of Student Life is vested with the authority of the Chief Conduct Officer. The Chief Conduct Officer authorizes the Student Conduct Administrator, the Director of Residence Life and Housing, to oversee and manage the student conduct program. The Chief Conduct Officer and/or Student Conduct Administrator may appoint administrative accountability conference facilitators and appeal conference facilitators as deemed necessary in order to efficiently and effectively supervise the student accountability process. In the event the Assistant Vice President of Student Life is unable to serve in this role, a campus administrator will be designated to serve in the role during the absence. In many cases the Vice President of Student Life will temporarily serve as the Chief Conduct Officer.

The Director of Residence Life and Housing is designated as the Student Conduct Administrator. The Student Conduct Administrator or designee will assume responsibility for the investigation of an allegation of misconduct to determine if the complaint has merit. Depending on the nature of the complaint, an investigation may be limited to a review of written reports or may extend to full interviews and collection of evidence. No complaint will be forwarded to the student accountability process unless there is reasonable cause to believe a policy has been violated. Reasonable cause is defined as some credible information to support each element of the offense, even if that information is merely a credible witness or a victim’s statement. A complaint unsupported by any information will not be forwarded to the student accountability process. If a minor allegation can be addressed by mutual consent of the parties involved, on a basis acceptable to the parties involved and the Student Conduct Administrator, such disposition will be final and there will be no subsequent proceedings. If the complaint cannot be addressed in a manner mutually acceptable, or for incidents that are not minor, the Student Conduct Administrator will refer the complaint to the Student Accountability Conference Facilitator. The decision of where to refer the complaint is at the sole discretion of the Student Conduct Administrator, who may take into consideration the preferences of the parties to the complaint.

II. Interpretation and Revision

Any question of interpretation of the *Community Code of Conduct* will be referred to the Student Conduct Administrator whose interpretation is final. The Chief Conduct Officer or Student Conduct Administrator may make any necessary modification to procedure that does not materially jeopardize the fairness owed to any party. The *Community Code of Conduct* will be reviewed and updated annually under the direction of the Student Conduct Administrator.

Part 6: Student Accountability Process

Part of the education component of the accountability process is learning how to live in harmony with community members and within a system of standards established by and for the community. Students are accountable to students and other community members for these standards through the procedures outlined below. This system is not a legal process
WPU Community Code of Conduct

but, rather, a student accountability system. Principles of equity govern all such bodies. All students who violate these standards will be held accountable for their behavior through a process that protects the rights of both the complainant and the accused student/respondent.

I. Complaints

Any member of the University community, visitors, or guests may file a complaint against any student for misconduct by contacting the Office of Student Life, the Office of Residence Life and Housing, or Public Safety. Complaints will be presented to the Student Conduct Administrator (or designee) and/or to the Title IX Coordinator/Deputy Coordinator when appropriate. Additionally, these administrators may act on notice of a potential violation whether a formal complaint is made or not. All complaints can be submitted by a victim or a third party, and should be submitted as soon as possible after the offending event occurs. The University has the right to pursue a complaint or notice of misconduct on its own behalf and to serve as complainant in the subsequent student accountability process. Based upon an initial complaint, the Student Conduct Administrator (or designee) will determine if reasonable cause exists to move the case forward or further investigation is needed. Third parties who were not witness to the alleged misconduct should be aware that lack of corroboration may limit the University's ability to address the alleged misconduct. There is no time limit on reporting violations of the *Community Code of Conduct* as long as the offending student is still enrolled at William Peace University. However, the longer someone waits to report an offense, the harder it becomes for William Peace University officials to obtain information and witness statements and to make a determination regarding alleged violations.

II. Methods of Resolution

Once a complaint has been received the Student Conduct Administrator (or designee) may utilize a variety of methods of resolution. It is at the discretion of the Student Conduct Administrator to determine which method of resolution is appropriate for the alleged violation. These include, but are not limited to, informal accountability meetings with administrators, informal resolution, restorative conference, and student accountability conferences. Students wishing to explore alternative dispute resolution methods are encouraged to discuss these options with the Student Conduct Administrator (or designee).

A. Informal Accountability Meeting

The purpose of these meetings is to resolve a minor incident/situation that does not necessarily constitute a violation of the *Community Code of Conduct* but may violate other University/Departmental policy. This form of resolution is an educational conversation aimed at preventing a violation of the *Community Code of Conduct* or addressing minor policy violations. This form of process may be approved by the Student Conduct Administrator and may be facilitated by various university representatives designated by the Student Conduct Administrator.

B. Informal Resolution Agreement

The Informal Resolution Agreement allows the student to accept responsibility for a minor violation(s) of the *Community Code of Conduct* and agree to complete pre-determined sanctions without having to meet with a representative of Student Life for a formal Student Accountability Conference. A student accepting an informal resolution offer acknowledges the immediate resolution of the matter, agrees to complete all assigned sanctions and waives their right to appeal the determination and sanctions. The Informal Resolution can be offered at the discretion of the Chief Conduct Officer, Student Conduct Administrator or designee and may not be given for repeat or serious violations of the *Community Code of Conduct*.

C. Restorative Conference

Restorative Conferences are a process in which the respondent accepts responsibility for one or more alleged violations. The respondent agrees to meet with the complainant and affected parties. During this process, the respondent discusses the incident, accepts responsibility, and listens to the impact of his/her actions on affected parties. The group participating in the conference develops steps that the respondent will take to repair harm to affected individuals and the community.

All cases are reviewed to determine if a restorative conference is appropriate. Additionally, either the complainant or the respondent may request that a case be considered for a restorative conference. If determined to be an appropriate means of resolution, the Student Conduct Administrator and/or designee offer a status sanction to the

respondent. This status sanction is typically of a lesser degree than the standard sanction for the violation and is contingent upon successful completion of the restorative conference.

If the sanction is accepted by the respondent, the student conduct administrator will appoint a facilitator. The facilitator will meet with the respondent and complainant/victim separately for an intake meeting. The purpose of this meeting is to prepare each party for the restorative conference process and normalize expectations regarding potential outcomes. After the intake meetings, the facilitator will hold the restorative conference where the respondent, victim/complainant, and other affected parties meet. Based upon this conversation a restorative agreement is developed by the parties involved. This agreement is final and binding upon the respondent. This agreement may not adjust the status sanction of the respondent. If the facilitator feels that the restorative process is not effective, the facilitator may cancel the meeting and refer the case for traditional adjudication.

D. Student Accountability Conference

Student Accountability Conferences serve as the formal resolution for violations of the *Community Code of Conduct*. During a Student Accountability Conference, a student meets with a representative of Student Life who will serve as the conference facilitator. The facilitator will have a conversation with the student to discuss the incident, asking the student to respond to questions about the incident and alleged violation(s). The student may present witnesses and evidence as outlined in the witness and evidence section of the procedures. Based upon this conversation and evidence presented, the facilitator will determine if it is more likely than not that the student violated university policy. Determination of Responsibility letter will be delivered to the student by University-issued email, or other approved means if warranted. The Student Accountability Conference process is as follows:

III. Student Accountability Conference Process

The following sections describe William Peace University's Student Accountability Conference processes. No student may be found to have violated the *Community Code of Conduct* solely as a result of the student's failure to attend an accountability conference, except in a complaint involving failure to comply with the University process including conduct. In instances where the respondent fails to appear, the accountability conference will proceed as scheduled and the information in support of the complaint will be presented to, and considered by, the Student Conduct Administrator, or Facilitator overseeing the conference.

If the facilitator, through the investigation and accountability conference process, receives information that additional violations may have occurred, the facilitator may cancel or suspend the current accountability conference and refer the incident back to the Student Conduct Administrator. The Student Conduct Administrator will then decide which method of resolution to utilize for all alleged violations (new and ongoing).

A. Notice of Student Accountability Conference

Once a student declines the Informal Resolution offer or a determination is made that reasonable cause exists for the Chief Conduct Officer, Student Conduct Administrator, and/or designee to refer a complaint for a Student Accountability Conference, notice will be given to the accused student/respondent. Notice will be in writing; University-issued email is the primary means of communication used by the University and the student conduct process. The Student Conduct Administrator (or designee) may at his/her discretion deliver notice by one or more of the following methods: in person by the Student Conduct Administrator (or designee); mailed to the local or permanent address of the student as indicated in official University records; or emailed to the student's University-issued email account. Once sent, the notice is assumed to have been received. The letter of notice will:

1. Include the alleged violation and notification of where to locate the *Community Code of Conduct* and university procedures for resolution of the complaint; and
2. Designate a time, date, and location of the accountability conference and name of the conference facilitator; or direct the accused student/respondent to contact the Student Conduct Administrator (or designee) within a specified period of time. The student accountability conference will, generally, be no less than 3 days from the date of delivery of the notice. The conduct process may be accelerated if deemed appropriate by the Chief Conduct Officer or Student Conduct Administrator.

B. Student Accountability Conference Procedure

1. If the respondent fails to attend the accountability conference, a decision may be rendered in the student's absence based on the information provided to the conference facilitator.
2. The student will attend the accountability conference. It is the responsibility of the student to ensure that the student's advisor and witnesses, if applicable, attend the conference. If a witness cannot attend the conference, the witness may submit a written statement as outlined in the witnesses section of this document. Witnesses will wait outside the conference until the conference facilitator determines that it is the appropriate time to hear the witness's statement.
3. The conference facilitator will welcome advisors who meet the advisor criteria into the conference. The conference facilitator will identify the role of the advisor to the respondent and their advisor.
4. The conference facilitator will review the general procedures for the conference and answer any questions the respondent may have.
5. The conference facilitator will discuss the incident with the student and ask questions regarding the incident and alleged violations.
6. The respondent will provide truthful and full responses to the conference facilitator's questions.
7. The respondent may present evidence to the conference facilitator. Determinations as to the relevance of the evidence are at the discretion of the conference facilitator.
8. When appropriate the conference facilitator will then interview witnesses. The conference facilitator will allow one witness at a time. The conference facilitator will outline the process and procedures for witness testimony to the witness, respondent, and the respondent's advisor, if applicable. Respondents may not directly question witnesses. Rather, they may pose questions through the conference facilitator. A more detailed explanation is available in the witnesses section of this document.
9. The conference facilitator will then ask any additional questions that he/she has of the respondent.
10. The conference facilitator may take written notes throughout the process/investigation. Video/Voice Recorders or Electronic Devices are prohibited unless deemed necessary by the Chief Conduct Officer, Student Conduct Administrator, and/or University Legal Counsel.
11. The conference facilitator will review the appeal procedure as outlined in Part 6 Section 3 Subsection D.
12. The conference facilitator will then end the conference by explaining that a formal letter of responsibility will come to the student via email or other approved means. Decisions are not final until sent to a student via email or other approved means.
13. If it is in the best interest of the student conduct process, the conference facilitator may seek additional clarification; verify statements, and interview witnesses outside the confines of the conference. The conference facilitator is not required to re-interview the respondent about new information.
14. Minor deviations from this procedure that are in the best interest of the student conduct process/University will not be considered procedural errors. Deviations will be authorized by the Chief Conduct Officer and/or Student Conduct Administrator.

C. Determination of Responsibility

A Determination of Responsibility is made after a formal Student Accountability Conference has concluded. Decisions are based on greater weight of evidence & credibility of statements that were provided throughout the process. The student conduct process strives to make decisions that are reasonable, fair, and consistent. The decision will be in writing; University-issued email is the primary means of communication used by the University and the student conduct process. The Student Conduct Administrator (or designee) may at his/her discretion deliver notice by one or more of the following methods: in person by the Student Conduct Administrator (or designee); mailed to the local or permanent address of the student as indicated in official University records; or emailed to the student's University-issued email account. Once sent, the determination is assumed to have been received. The Determination of Responsibility will:

1. Include the responsible and/or non-responsible violation(s) including sanctions (if applicable);
2. Notification of where to locate the *Community Code of Conduct* for sanction and appeal information;
3. Deadline for an appeal will generally be no less than 3 business days from the date of delivery of the determination letter.

D. Appeal Process

Accused students/respondents and complainants may petition for an appeal of a decision or assigned sanction(s) within three (3) business days of issuance of a Determination of Responsibility letter, although this deadline may be extended by the Chief Conduct Officer during extenuating circumstances. All requests for an appeal must be submitted with a completed Appeal Form and delivered to the appropriate administrator; as indicated in the

Determination of Responsibility. If the indicated administrator determines that a complaint warrants an appeal review, an appeal meeting will be scheduled by the indicated administrator or designee. The Appeal Facilitator has the authority to modify, lower, maintain, or increase the original decision. Only one appeal is allowed; therefore, the decision of the Appeal Facilitator is considered final and no further appeals will be considered. After the appeal decision, students may request a meeting with the Chief Conduct Officer or Vice President of Student Life if they wish to provide additional information on the process or receive clarification.

The student/respondent has the ability to request a different Appeal Facilitator prior to an Appeal Meeting. Requests must be approved by the Chief Conduct Officer and/or Student Conduct Administrator and must be submitted at least one (1) business day prior to the scheduled Appeal Meeting

An Appeal Form can be obtained in the Office of Residence Life and Housing or Student Life and can be submitted for the following:

1. A review of only the sanctions outlined in the Determination of Responsibility letter.
2. A review of both the determination of responsibility and sanctions outlined in the Determination of Responsibility letter.

Typical reasons for an appeal are severity of sanctions issued, to consider new information which was unavailable at the time of the original accountability conference, to assess whether a material deviation from written procedures resulted in an unfair outcome of the accountability conference, and/or another opportunity to better present their case.

E. Accelerated Accountability Conference

As previously stated, the Chief Conduct Officer has the authority to approve/grant an accelerated conduct process. The accelerated process is used for various incidents/situations. An Accelerated Accountability Conference is a formal Student Accountability Conference that is scheduled no less than 12 hours from the time of delivery of the notification letter. This process must be approved by the Chief Conduct Officer or Vice President of Student Life. The remainder of the process follows the Student Accountability Conference procedure outlined above. Accelerated Accountability Conferences are used when a student has committed an act including, but not limited to:

1. Participated in an act that endangers self or others;
2. Participated in an act that warrants an interim suspension;
3. Receiving a felony charge (or a felony charge is eminent) issued by federal/state/local authorities;
4. Excessive Repeat Violations that could result in the following:
 - a) University Housing Suspension
 - b) University Housing Expulsion
 - c) University Suspension
 - d) University Expulsion

IV. Advisors

Students are permitted to have an advisor present during their accountability conference. The advisor may be a William Peace University faculty, staff, or student. The advisor may not be a witness, legal counsel, and/or parent/guardian. In the rare instance where civil or criminal court proceedings are currently pending against the student or at the discretion of the Student Conduct Administrator or designee, legal counsel may serve as an advisor. If the student brings an advisor who is ineligible to serve in that role, the accountability conference will proceed as normal without the advisor. To ensure the integrity of the student accountability process, the role of an advisor is to provide personal and emotional support for the student. Advisors who are permitted to attend a hearing may not speak during an accountability conference. However, if legal counsel is permitted as outlined above, legal counsel may advise the student not to answer questions which may harm the student's pending civil or criminal proceedings.

V. Witnesses

Students are permitted to present witnesses during Student Accountability Conferences. Students are responsible for ensuring that witnesses are aware of the time, date and location of to attend the conference. If a witness cannot attend a specific conference time and date, they may submit a written witness statement to the conference

facilitator. In order to verify the identity of the witness, witness statements must be sent from the witness' William Peace University student email.

Witnesses who attend Student Accountability Conferences will be instructed to wait outside the conference until the conference facilitator determines that it is an appropriate time for the witness to provide their statement. The respondent, complainant (if applicable), and their respective advisors may not speak directly to the witness. In order to preserve the integrity of the witness statement and decorum, the conference facilitator will pose all questions to the witness. After the conference facilitator finishes their questions to the witness, the conference facilitator will ask the respondent if the respondent wishes the conference facilitator to ask specific questions of the witness. The conference facilitator will determine relevance and specific phrasing of each question. It is a violation of the *Community Code of Conduct* for witnesses to knowingly provide partial, inaccurate, misleading, or false information during any investigation or Student Accountability Conference.

VI. Evidence

During Student Accountability Conferences, students may present evidence in support of their determination of responsibility. The conference facilitator will be responsible for determining to the best of their judgment whether evidence is relevant and permissible. The university does not hire experts to evaluate the authenticity or validity of evidence. In order to provide a fair and reasonable accountability process, conference facilitators will exercise reasonable judgment in evaluating evidence and may consult with others within reason.

VII. Special Provision for Virtual/TeleConferences

Students who are members of the university community who are unable to attend in-person conferences may request that a Virtual Accountability process be implemented. Virtual Student Accountability Conferences will be held via formats such as Google Meet or Microsoft Teams with the University serving as host and the student accessing the virtual conference with their University assigned Google Account. If a student does not have reasonable access to an internet connection a telephone conference may be requested. If a telephone conference is approved the conference facilitator will ask for reasonable identifying information to verify the student's identity at the beginning of the conference such as WPU ID#, Address of Record or other information only the student should know. Students wishing to utilize the virtual or telephone conference provision must contact the Chief Hearing Officer, Student Conduct Administrator or assigned Conference Facilitator no less than 48 hours prior to their scheduled accountability conference. The Student Conduct Administrator will then review the student's request for a virtual or telephone conference and work with the student and conference facilitator to set up the conference.

Part 7: Conduct Sanctions

I. Conduct Hold

As stated in the Student Handbook, a "hold" can be placed on a student's account record when he or she has not fulfilled a responsibility to the Student Accountability Process, and to the University. A "hold" may prevent a student from registering for classes and/or obtaining an official transcript. A hold may also prevent a student from moving in or returning to housing. The most common reasons that "holds" are placed on a student's account include unpaid restitution or unfulfilled accountability sanctions.

II. Interim Suspension

Interim suspension, under the *Community Code of Conduct*, may be imposed by the Chief Conduct Officer (or designee) when necessary to protect the health and safety of a student or of the community; preserve University property; pursue an investigation and/or hearing; prevent disruption of, or interference with, the normal operations of the University. Interim suspension will be used for short periods of time, pending a formal Student Accountability Conference for a violation of the *Community Code of Conduct*.

During an interim suspension, a student will be denied access to University housing and/or University campuses.

As determined appropriate by the Chief Conduct Officer or the Student Conduct Administrator, this restriction

includes classes and/or all other University activities or privileges for which the student might otherwise be eligible. The student will be required to turn in all forms of University access (keys, access card, etc.) At the discretion of the Student Conduct Administrator and with the approval of, and in collaboration with, the Vice President for Academic Affairs (or designee), alternative coursework options may be pursued to ensure as minimal an impact as possible on the accused student/respondent.

III. General Sanctions

William Peace University sanctions are divided into three categories: status, educational, and restrictive sanction. Most violations will result in a status sanction and one or more educational sanctions. Sanctions are determined based upon the severity of the violation, past conduct history, and any aggravating or mitigating factors. One or more of following sanctions may be imposed upon any student for any single violation of the *Community Code of Conduct*:

- A. *Status Sanctions*: Status sanctions are an indication of the student's relationship with the university. Status sanctions typically escalate with each offense. Though it is not necessary that a first sanction begins with a warning. Sanctions are determined based upon the nature of the offense after reviewing aggravating and mitigating factors. As well, status sanctions do not always need to escalate; at the discretion of the conference facilitator, a student may remain at the same status however duration may increase. Certain status sanctions involve parental notification.
1. **Warning**: A written notice will be sent to the student(s) who violated University policies and/or rules. It specifies that inappropriate and unacceptable actions have occurred and that more severe conduct action will result should the student be involved in other violations while the student is enrolled at the University.
 2. **Level I Conduct Probation**: A written reprimand that expires after a specified time outlined by the Student Conduct Administrator or accountability conference facilitator. A notice will be sent to the student who violated University policies and/or rules. It specifies that serious or repeated inappropriate and unacceptable actions have occurred and that more severe conduct action will result should the student be involved in other violations while the student is enrolled at the University. Good Conduct Standing with the university may be removed for a specified period of time.
 3. **Level II Conduct Probation**: A written reprimand that remains in effect during the remainder of the student's academic career. A notice will be sent to the student who violated University policies and/or rules. It specifies that repeated or severely inappropriate and unacceptable actions have occurred and that future violations will likely result in suspension or expulsion. The parents, guardians, or financial sponsors of students who are dependents as defined by FERPA will be notified of this status. Good Conduct Standing with the university is removed for up to 4 calendar years; a specified time will be outlined by the Student Conduct Administrator or accountability conference facilitator.
 4. **University Suspension**: The student is separated from the University for a specified period of time, and upon the satisfaction of specific conditions, after which the student is eligible to return. Separation includes physical & electronic removal from the University. The Chief Conduct Officer or Student Conduct Administrator will notify the Office of Information Technology (IT) once an appeal has ended or the appeal period has elapsed. IT will then remove electronic access and accounts will be deactivated. The student is required to vacate University housing and/or campus within 24 hours of notification of the action, though this deadline may be extended upon application to, and at the discretion of, the Director of Residence Life and Housing or designee. The student is banned / trespassed from campus and all university affiliated properties / events for the duration of their suspension. Temporary exceptions to banning/trespass for university related business may be granted by the Office of Public Safety and/or Student Conduct Administrator or designee. The parents, guardians, or financial sponsors of students who are dependents as defined by FERPA will be notified of this status. Students who are dismissed, suspended or administratively withdrawn from the University and/or from University housing for disciplinary reasons, academic integrity or violations of local, state, or federal law will be held responsible for the total balance on their student account to include any disciplinary fines, and any other charges that are applied to their account.
 5. **University Expulsion**: The student is permanently separated from the University. Separation includes physical & electronic removal from the University. The Chief Conduct Officer or Student Conduct Administrator will notify the Office of Information Technology (IT) once an appeal has ended or the appeal period has elapsed. IT will then remove electronic access and accounts will be deactivated. The student is required to vacate University housing and/or campus within 24 hours of notification of the action, though this deadline may be extended upon application to, and at the discretion of, the Director of Residence Life and

Housing or designee. Students are banned / trespassed from campus and all university affiliated properties / events. Temporary exceptions to banning/trespass for university related business may be granted by the Office of Public Safety and/or Student Conduct Administrator or designee. The parents, guardians, or financial sponsors of students who are dependents as defined by FERPA will be notified of this status. Students who are dismissed, suspended or administratively withdrawn from the University and/or from University housing for disciplinary reasons, academic integrity or violations of local, state, or federal law will be held responsible for the total balance on their student account to include any disciplinary fines, and any other charges that are applied to their account.

- B. *Educational and Restorative Sanctions*: Educational and restorative sanctions are designed to enhance the educational outcomes of the student accountability process. Educational and restorative sanctions frequently serve to repair harm to individuals or communities, provide additional education on a given subject, or aid students in considering their educational and personal goals and priorities.
1. **Educational Program**: Requirement to attend, present and/or participate in a program related to the violation. It may also be a requirement to sponsor or assist with a program for others on campus to aid them in learning about a specific topic or issue related to the violation for which the student or organization was found responsible. Audiences may be restricted.
 2. **Community/University Service Requirements**: For a student or organization to complete a specific supervised Community/University service.

- C. *Restrictive Sanctions*: Restrictive sanctions modify a student's privileges within the campus community. These sanctions are typically not the primary sanctions used by the university. However, repeated or serious violations may warrant one or more restrictive sanctions.
1. **Fines**: Previously established fines may be imposed.
 2. **Banning/Trespass**: The student's privilege to be present at or utilize certain buildings, facilities, classrooms, etc. are restricted. Temporary exceptions to banning/trespass for university related business may be granted by the Office of Public Safety and/or Student Conduct Administrator or designee.

Specific limitations or exceptions may be granted by the Student Conduct Administrator and terms of this conduct sanction may include, but are not limited to, the following:
 - a) Ineligibility to hold any office in any student organization recognized by the University or hold an elected or appointed office at the University; or

Under this sanction, a student is required to vacate University provided housing within 24 hours of notification of the action, though this deadline may be extended upon application to, and at the discretion of, the Director of Office of Residence Life and Housing (or designee). The parents, guardians, or financial sponsors of students who are dependents as defined by FERPA will be notified of this status. Part 8: Disciplinary Records and Family Educational Rights and Privacy Act

Documents that are created and maintained as part of the student accountability process are subject to the protections of the Family Education Rights and Privacy Act, 20 U.S.C. § 1232g. Student Conduct records are maintained by the Office of Residence Life & Housing in accordance with the university records retention policy.

Student conduct records are maintained by the University for seven (7) years after the completion of the student accountability process. Other than University suspension and expulsion, accountability sanctions will not be made a part of the student's permanent university record. During this time, students may visually inspect the record by contacting the Student Conduct administrator who will arrange an opportunity for the student to inspect the record. For the complete Records and Right To Know Policy please see the Records and Right To Know section of the Student Handbook.

The Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act of 1974 (FERPA) is a federal law that protects the privacy of a student's education records. FERPA permits students (1) to inspect and review their education records, (2) to seek to amend their records, and (3) to limit disclosure of information from their education records without prior written consent except in certain circumstances. William Peace University will notify students annually of their rights under FERPA.

Student Inspection

A student may, upon request, inspect and review information contained in their education records. Students wishing to inspect their education record should submit a written request to the Registrar's Office specifying the records they would
WPU Community Code of Conduct

like to inspect. The Registrar's Office will make the records available for inspection within 45 days of submission of the request and will notify you of the time and place where the records may be inspected. If circumstances effectively prevent the student from exercising the right to inspect and review the records on campus, the University will make other arrangements for the student to inspect and review the requested records.

Requests for Amendment

A student may request amendment of their education records if the student believes the content to be inaccurate, misleading, or in violation of the student's rights of privacy. A student may submit to the office responsible for the record in question a written request for an amendment to their education record. The request will be reviewed, and the University shall decide whether to amend the record as requested within a reasonable time. Should the student be unsatisfied with the resolution, they may request a hearing to review the education record. If after the hearing the University does not implement the correction, the student may place a statement in their record commenting on the contested information.

Disclosure

The University will not provide access to or disclose any personally identifiable information from a student's education records, as defined by FERPA, without signed and dated written consent by the student except as permitted by law, at the University's discretion.

The University designates certain information that would not generally be considered harmful or an invasion of privacy if disclosed as "directory information." At its discretion, the University may disclose directory information about a student without the student's permission in accordance with FERPA. However, the University provides each student the option of restricting the availability of his/her directory information. The student should contact the Registrar's Office within 30 days of the beginning of the term if they would like to opt out of directory information. (The required form can be found at: <https://www.peace.edu/wpcontent/uploads/DIRECTORY- INFORMATION-FORM.pdf>) Any student who has chosen to restrict directory information will need to rescind their request or provide individualized written consent before any information will be released. While students may opt out of directory disclosure, school officials will continue to have access to the student's information in accordance with their legitimate educational interest. Directory information includes student name, addresses, telephone numbers, e-mail addresses, date and place of birth, hometown, most recent institution attended, major field of study, minor, concentration, dates of attendance, enrollment status, degrees, awards, honors received, photographic and digital images of the student taken and maintained by the University, participation in officially recognized activities and sports, and weight/height of members of athletic teams.

Disclosure to Parents/Guardians

The University may allow parents or legal guardians to have access to their child's education records, without the student's consent, if:

1. The disclosure is in connection with a health or safety emergency and knowledge of the information is necessary to protect the health or safety of the student or other individuals.
2. The student is under 21 years of age at the time of disclosure and has violated a Federal, State, or Local law, and the University determines that the student has committed a disciplinary violation.

and the individuals to whom disclosure is authorized. Students may revoke this consent by contacting the Registrar's Office.

Limit to FERPA Protection of Education Records FERPA's protection of Personally Identifiable information in a student's education record ends at the time of a student's death. Unless it has information to the contrary, seventy-five years after the date the records were first created, the University will presume that the student is deceased. If a student is enrolled at the time of death, the University will not release information from their education record for one year without the consent of the deceased student's next-of-kin.

The Right to File a Complaint

Students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the University to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:
Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW

This information must also include descriptions of programs for students and employees about campus security and crime prevention, as well as statistics on the occurrence of specific crimes. Amnesty through Responsible Action

At WPU, the health, safety, and wellbeing of students is a top priority. We understand that students may become exposed to COVID-19 through incidents that also present violations of the code of conduct such as a “party”. Each student plays a critical role in creating a community of care. WPU encourages students and student groups to ensure the well-being of others by taking responsible steps to seek assistance for individuals who may be at risk or may pose a risk to the community. When this occurs, WPU honors that care by prioritizing educational and supportive responses. WPU may not hold students or student groups who take such action (for themselves or for others), or for whom such action is taken, accountable for violations of the Code of Conduct.

Part 11: Alcohol and Drug Policy

To comply with the Drug Free Schools and Communities Act of 1989 and subsequent amendments, students and employees of William Peace are informed that strictly enforced policies are in place which prohibits the unlawful possession, use or distribution of any illicit drugs, including alcohol, on University property or as part of any University-sponsored activity. In addition to the *Community Code of Conduct*, students and employees are also subject to all applicable legal sanctions under local, state and federal law for any offenses involving illicit drugs on University property or at University-sponsored activities.

The University affirms that illegal drug use is harmful and detrimental to the educational objectives of the university. The use of illegal drugs and the abuse of alcohol by students and employees could result in cognitive deficits, loss of productivity and other health risks. These risks include an increased incidence of accidents which may result in death or permanent injury. Free, confidential counseling for alcohol and other drug abuse issues is available to students through the William Peace Wellness Center. Other referral resources may include assessment, individual counseling, educational programs, materials, and referral and case management through community agencies. Students exhibiting signs of excessive alcohol consumption will, at a William Peace University agent’s discretion, be transported via Emergency Medical Services (EMS), and at the student’s expense, for medical attention. Refusal to cooperate with EMS personnel may result in arrest for emergency detention in order to ensure the student’s health and safety.

I. Policy on Parental Notification

William Peace is concerned about students who improperly use alcohol and other drugs and the effects such use may have on their health, academic success, interpersonal relationships and, ultimately, their future. William Peace University reserves the right to notify the parents/guardians of dependent students regarding any conduct

situation, particularly Level II Conduct Probation, loss of housing, suspension, and expulsion. William Peace University also reserves the right to designate which university employees have a legitimate need to know about individual conduct complaints pursuant to the Family Educational Rights and Privacy Act (FERPA) and will share information accordingly.

II. Alcohol Policy

The following sections describe William Peace University's policy regarding the sale, service, distribution, and consumption of alcoholic beverages on University property or at University-sponsored events in accordance with federal, state and local laws.

A. Basic Guidelines

Students who are 21 years of age or older are permitted to possess and consume alcohol only in designated areas while on University property, University leased or managed property or at University-sponsored events. "Designated Area" refers to Upperclassmen Housing Communities while in the student's assigned space and event spaces sponsored by the University where alcohol is being served. Students who are of legal drinking age may not share or provide alcohol to any students, employees or guests who are under 21 years of age. Those under the minimum legal drinking age of 21 years are not permitted to possess or consume alcohol anywhere on University property, University leased or managed property or at University-sponsored events.

The following is a list of William Peace alcohol policy violations:

1. *Possession or consumption of alcohol by a person under the age of 21*: possession is defined as being in physical possession or having reasonable access to alcohol;

Students who are 21 years of age or older are permitted to possess one 750ml bottle of hard liquor, one 750ml bottle of wine, or twelve 12 oz beers. This amount is per student who is at least 21 years of age and lives in the room/apartment/cottage. The amount is not increased based upon guests who are 21.
8. *Being intoxicated or showing physical or mental impairment following or resulting from alcohol use regardless of age*: a person is showing physical or mental impairment if the person is unable to coherently and respectfully answer questions, comply with the instructions of a university official, or is unable to walk unassisted;

III. **Illegal Drug Policy**

The following sections describe William Peace's policy regarding the sale, manufacture, distribution, possession and use of illegal drugs on or off University property or at University-sponsored events in accordance with federal, state and local laws. This policy provides flexibility for the University in addressing drug-related offenses which occur on or off-campus. Moreover, it permits the University to address its fundamental mission of holistic education and the development of human potential. While recognizing that there is a need to address violations related to the use or possession of controlled substances, the University must address the education and well-being of all its students and employees. In addition to University imposed sanctions, students and employees are subject to all legal sanctions under federal, state and local law for any offenses involving illegal drugs on University property or at University activities.

A. **Basic Guidelines**

No WPU students are permitted to have any form of illegal or prescription drugs except as permitted under federal, state, or local law. Students with valid prescriptions are permitted to store or use as needed; however, all medications must remain in the prescription bottle with the student's identification clearly printed. WPU takes a strict stance on illegal drug use that takes place on or off campus.

The following is a list of William Peace University drug policy violations:

1. *Possession of Drug Paraphernalia, including but not limited to;*
 - a. bongos, rolling paper, pipes, bats, grinder, vaporizer, scales, etc.

7. *Driving Under the Influence/Driving While Intoxicated:* William Peace University is concerned about students who violate state and local laws regarding drug use and the operation of motor vehicles. In accordance with state law, the University abides by the legal definition of intoxicated as "not having the normal use of mental or physical faculties by reason of introduction of alcohol, a controlled substance, a drug, a dangerous drug, a combination of two or more of those substances, or any other substance into the body."
8. *Showing physical or mental impairment following or resulting from drug use regardless of location:* a person is showing physical or mental impairment if the person is unable to coherently and respectfully answer questions, comply with the instructions of a college official, or is unable to walk unassisted;
9. *Intent to or action of distribution, selling, or manufacturing any form of illegal, synthetic drug, or unlawfully obtained prescription drug.*

B. **Safe Harbor**

The University has a Safe Harbor rule for students. The University believes that students who have a drug and/or addiction problem deserve help. If any William Peace student brings their own use, addiction or dependency to WPU Community Code of Conduct

the attention of University officials outside the threat/use of drug tests or conduct sanctions and seeks assistance, a conduct complaint will not be pursued. A written action plan may be used to track cooperation with the Safe Harbor program by the student. Failure to follow the action plan will nullify the Safe Harbor protection and student accountability processes will be initiated.

Part 12: Sexual Misconduct and Discrimination Policy

William Peace University is committed to complying with all requirements as set forth by Title IX of the Education Amendment of 1972 (“Title IX”). Please refer to the William Peace University Title IX Policy <https://peace.edu/wp-content/uploads/WPU-Title-IX-FINAL-Policy-August-24-r1.pdf>

William Peace University maintains a policy of zero tolerance for sexual misconduct. Members of the University community, guests, and visitors have the right to be free from sexual misconduct. When an allegation of sexual misconduct is brought to the administration, and an accused student/respondent is found to have violated this policy, serious sanctions will be imposed to ensure that such actions are not repeated. All members of the University community are expected to conduct themselves in a manner that does not infringe upon the rights of others. The William Peace sexual misconduct policy has been developed to reaffirm these principles and to provide recourse for those individuals whose rights have been violated.

This policy has dual purposes: 1) it serves as a measure to determine, after-the-fact, if behaviors trespassed on community values and 2) as a guide for students on the expectations William Peace has, preventatively, for sexual communication, responsibility, and respect. While the policy below is quite detailed and specific, the expectations of the William Peace University community can be summarized in this simple sentence: Individuals who choose to engage in sexual activity of any type with each other must first obtain clear consent.

- What is Consent?

- “Consent” is informed, freely and actively given, mutually understandable (clear) words or actions that indicate a willingness and readiness to participate in mutually agreed upon sexual activity. Consent is mutually understandable when a reasonable person would consider the words or actions of the parties to have manifested a clear and unambiguous agreement between them to engage in certain conduct with each other. Consent cannot be gained by ignoring or acting in spite of the objections of another.
- Consent cannot be inferred from: silence, passivity, or lack of resistance alone; a current or previous dating or sexual relationship alone (or the existence of such a relationship with anyone else); attire; the buying of dinner or the spending of money on a date; or consent previously given (i.e., consenting to one sexual act does not imply consent to another sexual act). Consent is not effective if it is obtained through the use of physical force, violence, duress, deception, intimidation, coercion, or the threat, expressed or implied, of bodily injury. Whether a party used any of these means to obtain consent will be determined by reference to the perception of a reasonable person found in the same or similar circumstances.
- Consent may never be given by the following individuals: minors under the age of 16, even if the other participant did not know the minor’s age; mentally or psychologically disabled persons, if their disability was reasonably knowable to a person who is not mentally disabled; or persons who are incapacitated (unable to fully understand what they are doing). The use of alcohol or drugs does not diminish one's responsibility to obtain Consent and does not excuse conduct that constitutes Sexual Harassment.

If at any time during a sexual act any confusion or ambiguity is or should reasonably be apparent on the issue of consent, it is incumbent upon each individual involved in the activity to stop and clarify the other's willingness and readiness to continue and capacity to consent. Neither party should make assumptions about the other’s willingness and readiness to continue.

I. Violations of the University Sexual Misconduct Policy

Sexual misconduct is a serious offense. Such violations are subject to undergo the Student Accountability process as described in Part 6 and any combination of conduct sanctions as described in Part 7. Individuals found responsible for the violation of nonconsensual sexual activity are subject to recommended sanctions of Housing expulsion, University suspension, or University expulsion.

A partial list of William Peace sexual misconduct policy violations is listed below:

A. Sexual Harassment: Conduct on the basis of sex that satisfies one or more of the following:

- (1) an employee of the University conditioning the provision of an aid, benefit, or service on an individual’s participation in unwelcome sexual conduct. (commonly referred to *quid pro quo* harassment);
- (2) unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to WPU’s education program or activity; or
- (3) “**Sexual Assault**” is any sexual act directed against another person, without the consent of the person, including instances where the person is incapable of giving consent. Sexual Assault can occur between individuals of the same or different sexes and/or genders. Sexual Assault includes the following:
 - **Rape:** The carnal knowledge of a person, without the consent of the person, including instances where the person is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity;
 - **Sodomy:** Oral or anal sexual intercourse with another person, without the consent of the person, including instances where the person is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity;
 - **Sexual Assault with an Object:** To use an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of a person, without the consent of the person, including instances where the person is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity;

- **Fondling:** The touching of the private body parts of a person for the purpose of sexual gratification, without the consent of the person, including instances where the person is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity;
- **Incest:** Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law; and
- **Statutory Rape:** Sexual intercourse with a person who is under the statutory age of consent.

B. *Hostile Environment* includes situations in which there is harassing conduct that is sufficiently severe, pervasive/persistent such that it alters the conditions of education or employment. The determination of whether an environment is “hostile” must be based on all the circumstances. These circumstances may include, but are not limited to:

1. The frequency of the speech or conduct;
2. The nature and severity of the speech or conduct;
3. Whether the conduct was physically threatening;
4. Whether the speech or conduct was humiliating;
5. The effect of the speech or conduct on the alleged victim’s mental and/or emotional state;
6. Whether the speech or conduct was directed at more than one person;
7. Whether the speech or conduct arose in the context of other discriminatory conduct;
8. Whether the speech or conduct unreasonably interfered with the alleged victim’s educational or work performance;
9. Whether a statement is a mere utterance of an epithet which engenders offense in an employee or a student or offends by mere discourtesy or rudeness; and/or
10. Whether the speech or conduct deserves the protections of academic freedom.

C. *Sexual Exploitation:* Taking non consensual or abusive sexual advantage of another for one’s own advantage or benefit, or to benefit a person other than the one being exploited. Examples of sexual exploitation include, but are not limited to:

1. Prostituting another student;
2. Non-consensual video or audio recording of sexual activity or the non-consensual distribution of such a recording, even if consensually made ;
3. Exceeding the boundaries of explicit consent, such as allowing friends to hide in a closet to be witness to one’s consensual sexual activity;
4. Engaging in voyeurism (Peeping Tommerly)

D. *Relationship Violence:* Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the complainant and where the existence of such a relationship shall be determined based on a consideration of the following factors: the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.. Relationship violence includes but is not limited to, sexual or physical abuse or the threat of such abuse.

E. *Stalking:* Engaging in a course of conduct directed at a specific person that would cause a reasonable person to (A) fear for the person’s safety or the safety of others; or (B) suffer substantial emotional distress. For the sake of this policy, a course of conduct is: Two or more acts where the stalker directly or indirectly, even through third parties, by any action, method or device, follows, monitors, threatens, observes, surveils, or communicates to a person.

F. *Gender-based harassment or discrimination:* Acts of a verbal or nonverbal nature or physical aggression, intimidation, or hostility based upon sex/gender or sex/gender-stereotyping that is sufficiently serious that it has the potential to limit or deny an individual the ability to participate in or benefit from University events, programs, and activities.

G. *Retaliation:* means (1) any adverse action (including direct and indirect intimidation, threats, coercion, discrimination, or harassment (including charges for conduct violations that do not involve sex discrimination or harassment or Sexual Harassment but that arise out of the same facts or circumstances as a report or complaint of sex discrimination or harassment or a report or formal complaint of Sexual Harassment) that is (2) threatened or taken

against a person (a) for the purpose of interfering with any right or privilege secured by WPU; or (b) because the person has made a report or formal complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing related to WPU.

II. Confidentiality and Reporting Sexual Misconduct

WPU strongly encourages all employees and other members of the University community to promptly report concerns regarding suspected or known discrimination/harassment on the basis of sex to the Title IX Coordinator or Deputy Title IX Coordinator. Additionally, WPU has designated the following employees as confidential resources for students: University Counselors at 919-508-2163 and the Chaplain at 919-508-2049.

Reports may be made in person, via email, or by phone. Contact information for the Title IX Coordinator and Deputy Coordinator as listed above.

Victims are encouraged to report potential crimes of sexual assault to law enforcement in addition to the University. The Title IX Coordinator/Deputy is available to assist an individual in notifying law enforcement. Criminal and school investigations are separate and may be conducted simultaneously. Although the University strongly encourages all members of its community to report criminal sexual misconduct to law enforcement, it is the victim's choice whether or not to make such a report and victims have the right to decline involvement with the police.

III. Federal Timely Warning Obligations

Victims of sexual misconduct should be aware that University administrators must issue timely warnings for incidents reported to them that pose a substantial threat of bodily harm or danger to members of the campus community. The University will make every effort to ensure that a victim's name and other identifying information is not disclosed, while still providing enough information for community members to make safety decisions in light of the danger.

Part 13: Abusive Affiliations Policies

William Peace University believes that all students are entitled to be treated with considerable respect at all times. The University is unconditionally opposed to any situation created to produce mental or physical discomfort, embarrassment, ridicule, or social ostracism. Thus, all forms of abusive affiliations are prohibited. In addition to being in violation of William Peace University abusive affiliations policy, hazing is a criminal offense in the State of North Carolina. As such, it carries serious penalties.

In determining whether a specific behavior violates William Peace's abusive affiliation policy, consideration will be given to how the behavior relates to the University's mission and purpose.

William Peace University defines abusive affiliation as any mental, physical or social requirement, request, or obligation placed upon any person that could cause discomfort, pain, fright, disgrace or injury; that is personally degrading or humiliating; that would cause a reasonable person to believe that s/he would experience social ostracism for failing to participate; or that violates any federal, state or local statute or University policy, the willingness of an individual to participate in such activity notwithstanding. A person is defined as a university student, any pledge, associate member, member, affiliate alumnus, guest of any campus organization, or other individual. Abusive affiliation includes but is not limited to the following activities:

Physical

1. Encouraging or requiring persons to consume excessive amounts of alcohol or other fluids (e.g., encouraging or requiring individuals to use beer bongs, play drinking games, or drink unknown substances, including water);
2. Requiring that person do or submit to any act that will alter his or her physical appearance in any significant degree for any substantial period of time (e.g., branding; tattooing; using makeup, paint, or markers on a person; or shaving the head or body);
3. Requiring activities that disrupt a person's normal schedule. A normal schedule includes three reasonably spaced meals per day, the opportunity for sufficient rest at night (at least six full hours), time required for study outside of scheduled class hours, and reasonable time for personal hygiene;
4. Requiring a person to engage in physical activity of unusual kind or duration, such as calisthenics; overly difficult work assignments; activities that may be excessive for a person with physical disabilities; activities that require a person to remain in a fixed position for an extended period of time; being naked; or being confined in a room that is too hot or too cold, too noisy, or too small.
5. Hitting or pretending to hit an individual; and/or
6. Performing acts that are, or seem to be dangerous.

Psychological

1. Requiring a person to pretend to or actually violate a law;
2. Yelling or screaming at individuals;
3. Calling individuals demeaning names;
4. Booing, hissing, or demeaning individuals when they make mistakes;
5. Interrogating individual in an intimidating or threatening manner;
6. Requiring a person to perform acts of servitude or perform personal errands for others;
7. Deceiving new members prior to their gaining membership in an attempt to convince them they will not be initiated or will be hurt;
8. Forcing a person to publicly wear apparel that is abnormal and not normally in good taste.
9. Requiring a person to appear nude at any time; and/or
10. Engaging in activity that compels an individual or group to remain in a certain place or transporting anyone without their knowledgeable consent (e.g., taking a person on a road trip to an unknown destination, or kidnapping).

Social Ostracism

1. Exiting a room when a particular person arrives;
2. Requiring persons to attend event where illegal activities are taking place;
3. Intentionally ignoring, or not responding, to a particular member of an organization or team;
4. Using coercion (e.g. threats, intimidation, or demeaning comments) to obtain consent to engage in activities; and/or
5. Expressly stating or implying that engaging (or failing to do so) in an activity would help or hurt an individual's membership;

Distinction between Abusive Relationships by Organizations and Abusive Relationships by Individuals

The following statement will help distinguish hazing violations by individuals from hazing violations by student organizations;

1. It is presumed that hazing incidents involve only those persons directly participating in the incident and those who are present at the time it occurs and who do nothing to stop its occurrence.
2. A hazing incident may also be an organizational chapter activity, for which the organization itself may be disciplined, if any of the follow characteristics are present:
 - a. A faculty or staff member who has responsibility for the organization (e.g. head coach, assistant coach, advisor, etc.) is aware of the incident sufficiently in advance of its occurrence to prohibit its taking place and takes no action to prohibit it.
 - b. A faculty or staff member who has responsibility for the organization (e.g. head coach, assistant coach, advisor, etc.) knows the identity of the members involved in the incident and refuses to divulge that information to the appropriate University authorities or the police.
 - c. The incident takes place in any public place.
 - d. The incident involves the expenditure of any organizational funds.
 - e. The incident involves or is actively or passively endorsed by a majority of the members of the organization and/or a majority of the student leadership (e.g. president, vice-president, new member chair, captain, etc.).

Sanctions

Individuals found to be responsible for hazing are subject to disciplinary action and sanctions outlined in the *Community Code of Conduct*. Additionally, individuals, teams and/or organizations may face additional sanctions from the appropriate department (e.g. athletics, student activities, etc.), including possible suspension from the organization, team and/or termination of recognition for an organization or season for an athletic team.

Part 14: Student Athletes

In accordance with the Student Athlete Handbook, the Athletics Department will be notified of all student athletes who are documented for violating the *Community Code of Conduct*. Student Athletes who are documented for an alleged violation of the *Community Code of Conduct* are encouraged to speak with their coaching staff prior to the Athletics Department notification. The Athletics Department will be notified of the determination of responsibility once the student's appeal timeframe/process has concluded. The Athletics Department will be made aware of responsible/not responsible violations, corresponding sanctions and number of previous violations. The Athletics Department may choose to sanction athletes independent of the Student Accountability Process. If a student wishes to appeal athletic sanctions they should consult the Student Athlete Handbook.

Part 15: COVID-19 Addendum

Every student has a vital role to play in reducing the spread of the novel coronavirus (COVID-19) and keeping our WPU community safe. Residence Life and Housing adheres to all guidelines and practices set forth by the Center for Disease Control (CDC), the state of North Carolina, Wake County, and WPU.

This addendum reflects COVID-19 specific changes to the Student Handbook and Code of Conduct and the expectations of students due to the current status of COVID. Please understand that as the pandemic evolves, Residence Life and Housing may need to make additional changes to our Code of Conduct. If changes need to be made, those changes will be shared with all students. Included here are the Residence Life guidelines and expectations for general health and safety for on-campus living as well as campus community expectations and accountability measures for students who do not adhere to these expectations whether residential or commuter. Like all other rules and regulations, you are expected to comply with those outlined in the COVID addendum, failure to do so may result in a violation of the Failure to Comply policy which will result in disciplinary action. In depth COVID-19 guidelines have been provided to all students by the Office of Health Services via Magnus Health. All students were required to read and acknowledge those guidelines prior to their return to the campus community.

A student can be documented for Failure to Comply with the COVID-19 Guidelines by any member of the WPU Community. Reports can be submitted to Residence Life, Student Life, or Public Safety by a WPU Community Member.

WPU Community Code of Conduct

Once a student has been documented for an alleged violation of our COVID-19 Specific Guidelines the student will follow the Student Accountability Process, with documentation through the accountability process as Failure to Comply with the Directives of University Officials. These types of violations would not be eligible for Informal Resolution Agreements as (virtual) face to face conversations would be paramount for a learning centered conversation with the student and to help the student understand the need for compliance of these policies. Generally, students found responsible for violating the Failure to Comply policy receive a formal warning. Due to the potential for risk to the health and safety of the campus community, continued non-compliance or additional violations will result in more strenuous consequences such as removal of the student from the community(s) which they are putting at risk. A more detailed outline of the potential sanctions can be found below; however, sanctions will be based on a case-by-case basis and will depend on the potential risk the student may have brought or could bring to the campus community.

1st violation: Bystander Intervention and Community Accountability.

- If a student complies after a community reminder, then no further action will be taken.

2nd violation: Formal documentation for Failure to Comply with the Directives of University Officials.

- The student will be required to participate in a Student Accountability Conference (virtually). The Accountability Conference would be an intentional conversation with the student that would focus on the “Why” behind the non-compliance, further education of the “Why” behind the policy(s) and reiterate the need for the policy(s).
- Standard sanctions for a second offense would typically be a formal Written Warning (dependent on extraneous factors) and would specify potential outcomes of further violations.

3rd violation: Formal documentation for Failure to Comply with the Directives of University Officials.

- The student will be required to participate in an in-person Student Accountability Conference facilitated by either Student Conduct Administrator or Chief Conduct Officer.
- Standard sanctions for a third offense would typically be removal of the student from the community(s) which they are putting at risk. Depending on the on the community(s) this may be enforced by actions such as formal trespass from a certain area, removal from in-person learning opportunity(s), removal from housing, loss of attendance privileges for certain activities, events, or groups, and/or suspension from the university for a specified period of time.
- The outcome for a third violation would require the input from other university partners such as academics, facilities, wellness, D&I, Res. Life and/or athletics in order to meet the desired outcomes of community safety and student focus.
